

## A5015TFT129

**Keyboard Drawer-Unit 19"/ 1 HU  
with fold-away 15"TFT**

**Installation Depth of only 400mm!**

### **PRODUCT OVERVIEW**

**Rev: 02/2008**

The unit described in this data sheet is a multifunctional 19" Keyboard Drawer-Unit with a fold-away 15" TFT with an installation depth of only 400mm.

The integrated and high-quality fold-away 15" TFT can be connected via analogue VGA - or DVI - Signals.

The extreme flat keyboard drawer with integrated touchpad and metal-coating has a very good chemical and mechanical surface stability and features excellent abrasion resistance.

The Unit will be sent ready to assemble.
